EU GREEN

Urban Gardens, community spaces, and intergenerational bridges: Green Cities for active youth

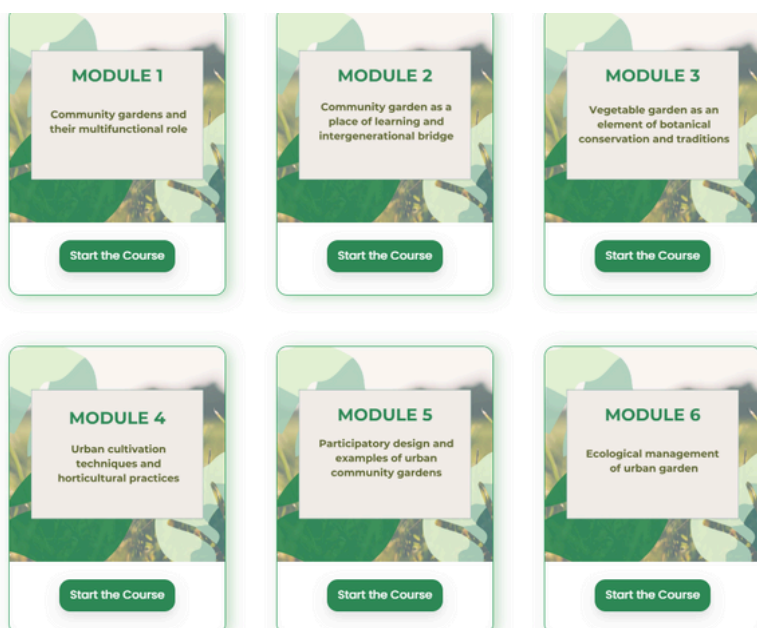

Project No: 2023-1-ES02-KA220-YOU-000166123

THE EU GREEN PROJECT PROGRESS!

EU GREEN is a truly innovative project that focuses on promoting **sustainable practices and social inclusion**, using **urban gardens** as a space for learning and connection.

We are excited to share important news with you! The **Online training course** on urban gardens, horticulture techniques, and ecological garden management is now available on our [website](#) in English, Italian, Lithuanian, North Macedonian, Polish, and Spanish.

Co-funded by
the European Union

"Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them."

IMPLEMENTATION

THE EU GREEN URBAN GARDEN ACTIVITIES

We are thrilled to witness the enthusiastic **participation of young people** in our consortium's garden activities across various countries. Their active involvement highlights the project's success in fostering **sustainable practices and social inclusion**.

WHAT'S NEXT?

Young people who actively participate in the local activities will be selected to attend a **3-day international training in Ireland in June 2025** on the themes of green spaces, urban gardens, sustainable practices, and urban living. Join our **global movement for change** and don't miss this valuable opportunity!

LATEST MEETINGS

- Our second project meeting was held in **Shtip, North Macedonia**, bringing together partners to analyse progress and establish future EU GREEN strategies.
- The meeting focused on **finalizing resources for youth workers** and the guidelines to follow for the **implementation of urban gardens** in each community.
